PAYMENT PROCESSING

**FREE TERMINALS** Stop struggling with only one terminal.  
At TMGvets we provide as many terminals as needed to get the job done.

**PROVEN PERFORMANCE**  
The industry's fastest processor moves more transactions for greater profits.

**MOBILE PAY READY**  
Run Apple Pay, Google Wallet, and any other contactless (NFC) transaction all with one terminal.

**PIN SECURITY**  
PCI PED 2.0 approval keeps up with the most current PIN security standards.

**EASY OPERATION**  
Quick-release, door designed to load paper quickly and efficiently.

**VISIBLE DISPLAY**  
High-contrast, white backlit display and blue backlit keypad for high visibility in dim lighting.

**NEXT GENERATION FEATURES**  
Over 500 MB of memory to support value-added applications such as loyalty and gift cards.

## MOBILE CREDIT CARD READER

**SECURE**  
All data is encrypted to protect your clients. Control your mobile users with user logins & authorizations.

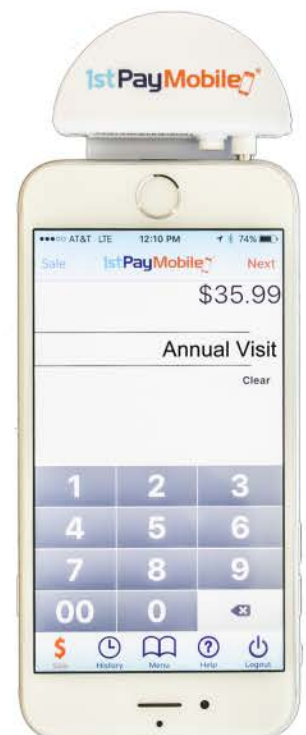

Mobile credit card reader exceeds PCI Standards.

**CUSTOMIZABLE**  
Custom data fields for your practice. Set up unlimited users with permissions, recurring billing and more!

Store & Forward feature allows you to process offline, great for house or farm calls where cellular service may be limited.

**EASY TO USE**  
Credit card reader is compatible with multiple platforms. The intuitive user interface minimizes key strokes, allows you to email, text and print receipts, and automatically calculates sales tax.

**CONVENIENT FOR VETS**  
Mobile credit card processing gives you the ability to process payments anywhere. Whether you need to make a discreet transaction for clients saying goodbye to a beloved pet or need the flexibility for house and farm calls.
